\*What companies are eligible?

Small or medium-sized enterprises (SMEs) in England, Scotland, Wales and Northern Ireland can borrow from £3,000 to £400,000. SMEs are defined as companies with fewer than 250 full time employees and with less than £43 million in turnover or less than £37 million in assets. In addition, larger businesses that do not qualify for participation in the Carbon Reduction Commitment are eligible for a loan. As a guideline, this typically includes businesses with an annual electricity spend of less than £500,000. In Northern Ireland and Wales all enterprises could borrow from £3,000 to £400,000. All enterprises need to have been trading for at least 12 months.
